

# Customer Testimonials

"iKey's customer service is outstanding. When we encountered a problem with the HulaPoint, they arranged to have new ones sent out at their own expense and had them to us in one day. That's what it takes to build a good relationship. We use iKey's 5K-OEM in our Quickturn Custom Production Program because it's a great product and we can count on them to facilitate in the time we need to guarantee our services."

– Benjamin G. Chapman, Vice President, 2s2

"I went to iKey with an immediate need for a high quality medical peripheral. They were able to quickly identify our corporate standard, and then deliver a cutting edge solution. They have prompt response time and accurate delivery expectations, ensuring a seamless business transaction our customers can appreciate. iKey's medical keyboards are a perfect fit for our healthcare target market."

– Pam Chase, Senior Account Executive, Greenpages

"The fact that iKey's products are without parallel in our industry makes providing them to our customers a must, and iKey's professional, friendly staff makes ordering them a pleasure."

– Victoria Kamenev, Export Manager, ITC
