

iKey's Medical Year in Review

It's hard to believe 2009 will soon come to an end. Despite the economic climate, iKey continued to develop new products based on the needs of our customers. Here's a review of the new products we introduced in 2009, and watch what we do in 2010!

For Infection Control: The SLK-97-TP

- The backlit version of our popular SK-97-TP version, featuring red LED backlit keys.
- Completely sealed, liquidproof design.
- Compatible with all hospital-approved disinfectants.
- Integrated touchpad with left and right click buttons.

Panel Mount SlimKey™ Keyboards

- Full-size panel mount keyboards.
- Easily integrate into OEM solutions.
- Completely sealed, liquidproof designs.
- Available with or without integrated pointing devices.
- Models featuring red LED backlighting include the SLP-101, SLP-102 and SLP-102-TP.
- Models without backlighting include the PM-101, PM-102 and PM-102-TP.
