

MILITARY APPLICATIONS > HELICOPTER > DRONE / PLANE / AIRCRAFT

Military organizations and contractors trust iKey, the global leader in rugged computer peripherals. We have a rugged, reliable solution for every need and application for Defense and Military Operations: army, navy, air force, marines, coast guard, medical operations and more. iKey offers backlighting options, mounting options, night vision options and more-- built to military standards. When you choose iKey, you get security, reliability and true rugged.

> HELICOPTER

> SLK-79-FSR-M-USB

Compact, Mobile Backlit Keyboard with Force Sensing Resistor

- Red backlighting, ideal for low light and small spaces
- 12 function keys and PS2

> SL-86-911-TP-USB

Mountable Compact Keyboard with Emergency Key

- Designed for vehicle mount in emergency, police, service, transport trucks and marine vessels
- Easy to use, integrated touchpad

> SLK-79-FSR-OEM

Compact, Mobile OEM Backlit Keyboard with Force Sensing Resistor(FSR)

- Red backlighting, ideal for low light and small spaces
- 12 function keys, improved FSR, PS2, OEM model

> SLK-880-FSR-OEM

Military OEM Keyboard with Green Backlighting

- Designed and intended for use in very harsh electro magnetic interference (EMI) environments requiring 461 standards.
- IP68 and NVIS option

> DRONE / PLANE / AIRCRAFT

> SLK-102-FSR-M-USB

Slimkey® Backlit Keyboard with Slim, Compact Design

- Large numeric pad, integrated FSR and red backlighting ideal for minimal lighting
- Easy to enter data. Size: 14.74" x 5.69" x 1.64" (w-h-d) 374.4mm x 144.5mm x 41.7mm

> SL-86-911-FSR-USB

Mountable Compact Keyboard with FSR and Emergency Key

- Designed for vehicle mount in emergency, police, service, transport trucks and marine vessels
- Easy to use, with integrated force sensing resistor. 14.60" x 5.55" x 1.05" (w-h-d) 370.8mm x 141mm x 26.7mm

> SL-86-911-FSR-OEM-USB

Mountable OEM Compact Keyboard with FSR and Emergency Key

- Designed for vehicle mount in emergency, police, service, transport trucks and marine vessels. USB power.
- Easy to integrate into your application, integrated force sensing resistor. 14.60" x 5.55" x 1.05" (w-h-d) 370.8mm x 141mm x 26.7mm

> HP-1330-FSR

Small Version of Force Sensing Resistor

- A smaller version of our regular Force Sensing Resistor. The two-button device offers the versatility and convenience of the Force Sensing Resistor but in a compact version to suit the needs of industrial laptops and workstations.
- Fully sealed. Ideal for industrial laptops and workstations. *OEM Kit: PCB, rubber overlay, and cable*

> IK-2020

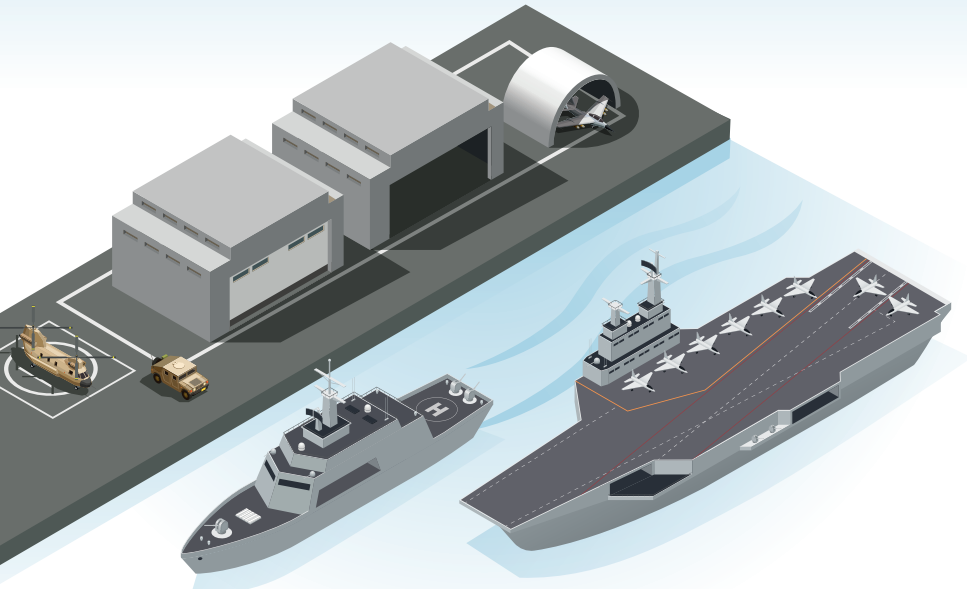

OEM Force Sensing Resistor Industrial Pointing Device

- Small version of the Force Sensing Resistor pointing device that features left-, right- and middle-click buttons.
- Fully sealed and compact, easy to integrate into various applications.

MILITARY APPLICATIONS

> WAREHOUSE > NAVAL SHIP

Military organizations and contractors trust iKey, the global leader in rugged computer peripherals. We have a rugged, reliable solution for every need and application for Defense and Military Operations: army, navy, air force, marines, coast guard, medical operations and more. iKey offers backlighting options, mounting options, night vision options and more-- built to military standards. When you choose iKey, you get security, reliability and true rugged.

> WAREHOUSE

> SLK-101-M-USB

SlimKey® Backlit keyboard provides full-sized versatility in a rugged, compact design

- Red backlighting ideal for industrial, medical or material handling. Slim profile.
- Ideal for harsh environments and the large numeric pad makes data entry easy.

> SL-86-911-FSR-USB

Mountable Compact Backlit Keyboard with FSR and Emergency Key

- Designed for vehicle mount in transportation trucks, red backlighting
- Easy to use, with integrated force sensing resistor (FSR). 14.60" x 5.55" x 1.05" (w-h-d) 370.8mm x 141mm x 26.7mm

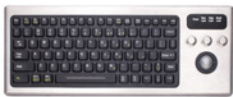

> SL-88

Small Footprint Compact Keyboard

- Waterproof and dustproof, ideal for industrial, kiosk and mobile computing applications.
- 88 keys, red backlighting, ideal for low light areas

> NAVAL SHIP

> DBL-810-TB

Keyboard with Integrated Trackball NEMA 4X

- Highly rugged, stainless steel case and industrial silicone keyboard with green backlighting, completely sealed 25-mm trackball.
- The trackball is operated using sealed stainless steel switches with left, right and middle click functions.

> SLP-81

Compact Backlit Industrial Keyboard

- Stainless steel and silicone rubber keys
- Ideal for small spaces

> SLK-102-FSR-M-USB

Slimkey® Backlit Keyboard with Slim, Compact Design

- Large numeric pad and red backlighting ideal for minimal lighting
- USB connection, and large numeric pad makes data entry easy

> 5K-OEM

OEM Keyboard with Integrated Force Sensing Resistor

- 113 key keyboard and integrated FSR, for use in naval applications
- Each kit is comprised of an industrial silicone keypad, switch matrix board, keyboard controller and cables

> KYB-114-OEM*

Industrial OEM Keyboard, Up to IP68

- 114 key keyboard, 24 function keys, for OEM use.
- NVIS Option. Each kit is comprised of an industrial silicone keypad, switch matrix

> O50 Trackball*

O50 Trackball by Cursor Controls

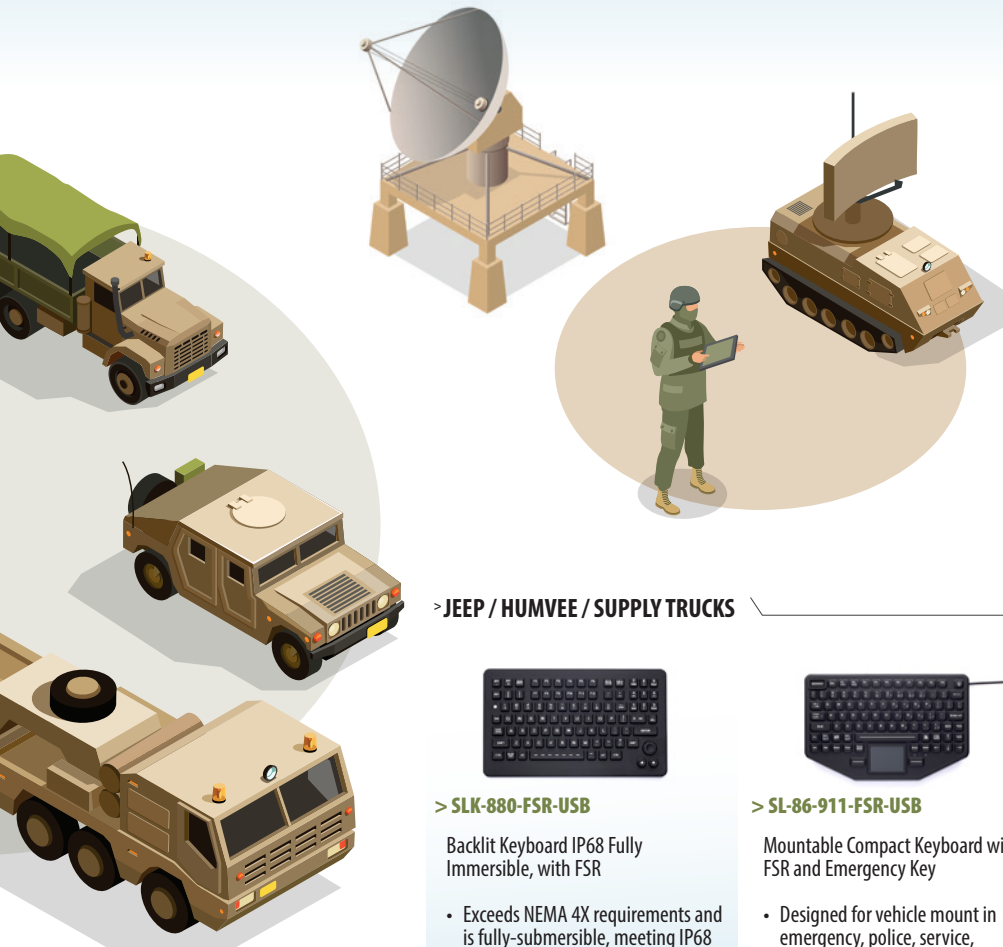

- The O50 Trackball is an extremely high specification, contact-less device, ideal for the most demanding of cursor control applications.
- NVIS Option. Smooth operation in rugged environments. Various ball colors.

MILITARY APPLICATIONS

> COMMUNICATION CENTER

> JEEP / HUMVEE / SUPPLY TRUCKS

Military organizations and contractors trust iKey, the global leader in rugged computer peripherals. We have a rugged, reliable solution for every need and application for Defense and Military Operations: army, navy, air force, marines, coast guard, medical operations and more. iKey offers backlighting options, mounting options, night vision options and more-- built to military standards. When you choose iKey, you get security, reliability and true rugged.

> COMMUNICATION CENTER

> SLK-79-FSR-M-USB

Compact, Mobile Backlit Keyboard with Force Sensing Resistor

- Red backlighting, ideal for low light and small spaces
- 12 function keys and PS2

> SL-86-911-TP-USB

Mountable Compact Keyboard with Emergency Key

- Designed for vehicle mount in emergency, police, service, transport trucks and marine vessels
- Easy to use, integrated touchpad

> SLK-79-FSR-OEM

Compact, Mobile OEM Backlit Keyboard with Force Sensing Resistor (FSR)

- Red backlighting, ideal for low light and small spaces
- 12 function keys, improved FSR, PS2, OEM model

> JEEP / HUMVEE / SUPPLY TRUCKS

> SLK-880-FSR-USB

Backlit Keyboard IP68 Fully Immersible, with FSR

- Exceeds NEMA 4X requirements and is fully-submersible, meeting IP68 specifications.
- Drop to 2 meters on concrete. SLK-880-FSR is designed to meet MIL-STD-461G.

> SL-86-911-FSR-USB

Mountable Compact Keyboard with FSR and Emergency Key

- Designed for vehicle mount in emergency, police, service, transport trucks and marine vessels
- Easy to use, with integrated force sensing resistor (FSR). 14.60" x 5.55" x 1.05" (w-h-d) 370.8mm x 141mm x 26.7mm

> IK-TR-911-RED

Full-Travel Keyboard with Attachment Versatility, Ideal On-The-Go Solution

- Transformer keyboard with red backlighting, designed to fit into existing mounting systems. Ideal for vehicle mount.
- Has built-in high-speed USB hubs and modular options to accommodate multiple custom configurations. One-touch emergency key.

> SB-87-TP-M-USB

SkinnyBoard® Mobile Keyboard with Touchpad Measures only 0.5" Deep

- Red LED backlighting, this is our thinnest keyboard to date, with integrated touchpad. IP65..
- Ultra thin, can even fit between seats or under a seat

> IK-KV-12.1

12.1" Flat Panel Display, for Mounting

- Rugged daylight readable, 12.1" touch screen display. Ideal for vehicle mount.
- VESA mounting pattern, for mounting. Two point capacitive touch screen.

MILITARY APPLICATIONS

> TROOPS ON FOOT

> NIGHT VISION

Military organizations and contractors trust iKey, the global leader in rugged computer peripherals. We have a rugged, reliable solution for every need and application for Defense and Military Operations: army, navy, air force, marines, coast guard, medical operations and more. iKey offers backlighting options, mounting options, night vision options and more-- built to military standards. When you choose iKey, you get security, reliability and true rugged.

> TROOPS ON FOOT

> IK-DELL-AT

Rugged Attachable Keyboard for Dell Rugged Tablet

- Designed for the Dell 7220 and 7217 Rugged Tablet, with quick release, latching mechanism
- Durable ABS Silicone. Full size keyboard and glove friendly. No kickstand needed.

> IK-PAN-FZG1-C1-V5

Keyboard for Panasonic FZG1 Toughbook

- Green backlighting and one external USB port. IP54 resists spills and splashes
- Improved design with more robust latching mechanism

> IK-SAM-AT

Attachable Keyboard for Samsung Tab Active2 Tablet

- Rugged, sealed keyboard with unique snap-in place feature
- Ideal for workers in the field and on foot

> AK-39

Rugged Wearable Arm Keyboard

- Designed to be worn on the arm; does not restrict the user's arm movements. It is designed to meet MIL-461 standards
- Adjustable, six levels of green backlighting. NVIS option available

> NIGHT VISION

> SLK-880-FSR-NV

Night Vision (NVIS), IP68 Fully Immersible, with FSR

- Exceeds NEMA 4X requirements and is fully-submersible, meeting IP68 specifications.
- Drop to 2 meters on concrete. NVIS to be used with night-vision goggles, and is designed to meet MIL-STD-461G.

> SLK-101-NV

SlimKey® keyboard provides full-sized versatility in a rugged, compact design.

- Designed to be used with night vision goggles, featuring NVIS Green B backlit keys
- Slim profile and ideal for harsh environments and the large numeric pad makes data entry easy.

> SL-88-NV

Small Footprint Compact Keyboard

- Waterproof and dustproof, ideal for industrial, kiosk and mobile computing applications.
- 88 keys, red backlighting, ideal for low light areas

> SLK-79-FSR-NV

Compact, Mobile OEM Night Vision Backlit Keyboard with Force Sensing Resistor (FSR)

- NVIS option, small footprint, ideal for low level light
- 12 function keys, improved FSR, PS2, OEM model
